Regarding Adhesion Tests

Dear Reid,

I ran 2 different adhesion tests with Prosoco Fast Flash and Hanno Tape Duo-Easy Following Prosoco Field Adhesion Tester Instructions.

One test was with Hanno Tape Duo-Easy embedded in Prosoco RGuard Fast Flash. The second test was with Prosoco RGuard Fast Flash adhered on top of Hanno Tape Duo-Easy.

Both applications passed the Prosoco adhesion test requirements.

If you have further questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Long", with a long, sweeping underline.
